

UX-designer – TDC

Mit navn er Ida Mikkelsen og jeg er 25 år og nyuddannet multimediedesigner fra KEA. På Københavns Erhvervsakademi har jeg specialiseret mig i digital design med fokus på UX og UI. Figma har været mit primære redskab gennem studiet, og jeg ser frem til at dykke endnu dybere ned i Figma i mit arbejdsliv.

Som multimediedesigner brænder jeg særligt for UX og UI, hvilket er grunden til, at jeg søger stillingen som UX designer hos jer.

Jeg er nysgerrig, engageret og klar på nye udfordringer - jeg håber at finde hos TDC.

To Whom it May Concern,

It is my pleasure to write this letter of recommendation for Ida Nørgaard Mikkelsen. I have known Ida in my role as a mentor Graphic Designer at Tactile Games, and I am confident in recommending her for future job opportunities.

Ida worked as a Graphic Designer Intern on Tactile's Marketing team from the 26th August to the 1st November of 2024.

During her internship, she has developed and delivered final assets for our marketing platforms like icons, season passes, interstitials, feature graphics, and social media images for all our games, working with different 2d and 3d art styles.

She has been introduced to Maya 3d, where she learned how to pose and light 3d characters, and worked with our Flex app to create fun animated playable videos. She showed eagerness to learn and a strong aptitude to handle these new tools.

Ida participated proactively and earnestly in our brainstorming sessions and meetings, contributing with thoroughly researched materials and creative ideas that were then further developed into final assets. She also showed a positive attitude and openness to receiving feedback and new challenges.

A creative mind and ease of adaptation to different art styles were some of Idas strengths'. Her assets were delivered on time and in a professional way.

She showed a proactive attitude and a will to create better assets in every new task, and her good humour and kindness made positive contributions to the entire team.

It was a real pleasure getting to know and working with Ida, and I highly recommend her. If you have any further questions, please feel free to contact me at guadalupe@tactile.dk or at my mobile number: 50193202

Letter of Recommendation

To Whom it May Concern:

Tactile Games has had the pleasure of having Ida Mikkelsen as a Graphic designer Intern on the Creative Marketing team from the 26th of August to the 1st of November 2024. Ida has demonstrated great motivation and creativity, bringing fresh ideas to our Graphic Design department.

During Ida's time at Tactile Games, she consistently contributed fresh art concepts and sketches, actively participated in creative brainstorm sessions, and supported the Social Media department with graphics. Her work primarily focused on our games, including Lily's Garden, Penny & Flo, Cookie Cats Pop, and the Simon's Cat franchise.

Ida has a strong sense for color and composition, which shines through her artwork. She is also very good at adapting our different art styles. She consistently meets our deadlines and is always punctual. Throughout her internship, Ida has been introduced to new 3D and art software, quickly picking up each program with impressive ease. e. She is open-minded, readily embracing new challenges and ideas, and shows great enthusiasm for starting new projects.

I highly recommend Ida for a graphic designer role; her creativity, adaptability, and dedication would make her a valuable asset to any team. If you have any further questions, feel free to contact me at Anne@Tactile.dk

Best regards

Anne Petersen
